

Candidate Noticeboard Profile

ROE, DAVID

I'm a lifetime resident of the Gingin Shire and your current North Ward representative on Council. My wife Sara and I have three boys at school and run a family farming business at Beermullah. I have a genuine interest in local issues and have held numerous positions on boards, committees and sporting groups over years and have a keen interest and understanding of finance.

I'm not standing on a single issue platform and believe local council is the level of government we can have the biggest impact on our rural lives.

The anticipated growth to the region due to our proximity to Perth needs to be carefully managed, whilst maintaining our rural identity and sense of community. I support the philosophy of supporting groups and organizations that help themselves.

I believe I have the skills and strength to present council with informed balanced decisions on your behalf.
