Mike Agnew

My wife and our four daughters have lived in Gingin for over 20 years, in which time we created Limestone Park Drilling/Earthmoving. I'm also contracted to problem-solve issues on large projects throughout WA, as I am able to bring a pragmatic and common sense perspective to the table.

I greatly value the opportunities and lifestyle that my family and I have enjoyed here. I feel it is now my time to contribute to ensure the Shire continues to provide these opportunities and this incredible way of life into the future.

I want to make sure the Shire Council is serving and acting for, and in the best interests of it's people. I believe decisions need to be made with balance, always respecting peoples rights and property. Our diversity and resources, including business and recreational activities all add value to the Shire and we need to make sure that all can co-exist in harmony to contribute to the overall growth and well being of the Shire and it's community.
